## PARENTS' HANDBOOK

### **Dear Registered Parents**

Welcome to the Cherie Hearts Group International Family! We are proud to have you with us.

Please read this PARENTS' HANDBOOK thoroughly. In this handbook, you will find very comprehensive information about our Centre, its policies, rules and regulations. Information on admission, registration and withdrawal of your child are included as well.

### **Your Participation is Needed**

We recognize that the wholeness of your child's development depends on the co-operation and collaboration between parents and teachers.

We encourage your participation in our many activities and events. The Centre will on a regular basis organize events like Parent's Day, Sports Day, Orientation, Graduation & Concert and Parents' Workshops etc. As teachers and parents, we can work together to provide the children with a healthy, safe and enriching environment where they can grow, learn and acquire confidence in themselves and others.

Please feel free to ask any questions, give us suggestions and be involved in your child's active life at Cherie Hearts International Preschool.

Parents will have to complete and submit the online Registration Form to the Centre.

In order to process the application, you are required to submit photocopies of the following documents together with the Registration Form:

1. Child's Birth Certificate / Mykid card / Passport
2. One recent photograph of the child
3. Parent's Identity card / Passport
4. Child's Immunization Papers: -
  - a. Measles
  - b. Triple Antigen
  - c. BCG

Upon confirmation of a place for your child, the following fees are payable:

- a. Registration fee
- b. A deposit equivalent to ONE month's programme fee and deposit for book club
- c. The first term programme fee
- d. Incidental charges

Parents can reserve a place for your child by placing a deposit equivalent to ONE month's fees together with the registration fee. Should parents withdraw their child once a place has been confirmed, the Centre will forfeit the registration fee and 50% of the deposit.

The deposit fee is refundable in the event of withdrawal from the Centre, provided that **one month's written notice** is given and the program fee is paid. The Centre will not entertain any verbal phone calls, text message, whatsapp or social media services requests of withdrawal notice. Please note that the last date of the child in the centre is at the end of the term. For example, the one month notice date should be at the end of the term i.e. 30<sup>th</sup> November so that the child's last date in the centre would be 31<sup>st</sup> December. Deposits will only be returned at the end of the following month and may, also with the approval of the Management be used as the final month's programme fee. Term fee, registration fee and incidental charges are not refundable in the event of withdrawal from the centre.

All term fees are payable in advance, at least 7 days before the commencement of the new term, and no later than the 5<sup>th</sup> day of each term.

Failing that, the deposit will be used to offset this and parents have to reinstate the deposit. If that is not done immediately; the child's name will be removed from the Centre. A late payment fee of 5% of the month fees would also be charged for parents who are habitually late in making payments.

Please note that there will be no refund or reduction of fees if the child is absent from Centre for any reason or away on family vacation. The Centre must be informed when the child is going to be away for some time in order to retain his/her place in the Centre and fees for that period must also be paid. Children who have registered and been placed on the waiting list in the Centre will be allotted a place should your child be away from Centre, without a valid reason for too long a period. The Management will however consider on a case to case basis for genuine reasons, for children who need to be away from the Centre for more than a month. Termly programme fees payment is also still required if there are any holidays. The Centre will also not refund any programme fee, incidental fee or deposit should the Centre be asked to close for a certain period by external authorities due to unforeseen circumstances / outbreak / pandemic.

The Centre reserves the right to transfer, combine or dissolve a class.

## **5. TRANSFER**

A request for transfer to other Cherie Hearts branches is allowed depending on the availability of vacancies in the respective locations.

Upon confirmation of an available place, 1 month notice of transfer of service at the existing location is required.

Parents are required to fill up the "Medical Consent Form and Information Form" attached to the Registration Form during application. The Centre should also be informed if the child is suffering from any illness.

The child will undergo a Daily Health Screening by a trained staff every morning. During the child's stay at the Centre, should he/she require any medical attention other than simple Home First Aid (which we will administer) the Centre will not treat the child but will contact the parents for instructions. The child will then be placed at the sick bay until the parents arrive to fetch the child. In cases of emergency or when the parents are unreachable, the Centre will use its initiative to send the child to the nearest doctor. Any expenses occurred shall be borne by parents.

The Centre can only administer medication which has been prescribed by a registered Medical General Practitioner or Traditional Chinese Medicine (TCM) to the child. A returning child must be well (i.e. no symptoms of illness/disease) upon expiry of medical certification even though medication needs to be continued. Medicine must be clearly labelled in your child's name and the centre will not administer shared medication amongst siblings. Parents are required to fill in the "Medicine Administration Form" provided at the Centre. Medicine brought in by parents must be taken home daily.

In order to protect the child and other children in the Centre from contagious diseases, under **NO** circumstances, should you send your child to the Centre if he/she shows any of the following signs/symptoms:

If the Centre manager has doubts over the child's health condition, centres can request parents to refer the child to a medical practitioner for further assessment and ask for the certificate of fitness to return to the centre. Parents might also occasionally be requested to make declarations on their travelling plans.

Parents consenting to the trips must sign and return the consent forms on time. Expenses of such outings/excursions will be borne by parents.
